

# Technology Based Career Orientation: Grades 7, 8

Adopted 2010

## Technology Foundations

### 1.1 Describe the function of computer hardware components

1. Identify input, output, and storage devices 1.1.1
2. Locate the motherboard with the CPU, memory, power supply, expansion slots, ports 1.1.2
3. Compare storage devices and their uses 1.1.3

---

### 1.2 Discuss types of computers and how they relate to personal and professional use

1. Compare categories of computers based on their size, power and purpose 1.2.1
2. Identify the role of the CPU including speed and how it is measured 1.2.2
3. Explain the difference between memory and storage including RAM, ROM, and other 1.2.3

---

### 1.3 Discuss different types of software and their uses

1. Identify fundamental concepts and common uses relating to word processing, spreadsheets, databases, graphics and multimedia, and presentation software 1.3.1
2. Identify how to select appropriate applications for a particular purpose 1.3.2

---

### 1.4 Discuss file management

1. Identify elements of the operating system desktop 1.4.1
2. Manipulate the features of an operating system
  - Shut down, logoff and restart the computer
  - Start Menu and taskbar
  - Desktop folders and icons
  - Using the file manager, manage files 1.4.2

---

## **1.5 Discuss the factors that go into an individual or organizational decision on how to purchase computer equipment**

1. Identify the criteria for selecting a personal computer [1.5.1](#)
  2. Identify factors that affect computer performance [1.5.2](#)
  3. Identify hardware and software considerations when purchasing a computer including [1.5.3](#)
  4. Identify how hardware and software interact [1.5.4](#)
  5. Identify issues relating to software upgrades, such as pros and cons and methods to upgrade [1.5.5](#)
- 

## **Self-Awareness**

### **2.1 Identify personal characteristics**

1. Create a personal characteristic document utilizing word processing skills
    - <li>Create and save a document</li><li>Proofread and edit (insert, cut, copy, move, undo, redo, repeat, find/replace, spell check, insert/modify pictures)</li><li>Format for printing</li><li>Preview before printing</li><li>Print, specifying common print options</li><li>Manage printing and print jobs</li><li>Identify and solve common problems associated with printing</li></ul> [2.1.1](#)
- 

### **2.2 Create an electronic portfolio**

1. Demonstrate how to use the computer and the Internet safely, legally, and responsibly [2.2.1](#)
  2. Create a personal account in the Arkansas Works College and Career Planning System (<http://arworks.arkansas.gov>), enter demographic information, access/update account information, and save information to electronic portfolio [2.2.2](#)
